

## APRIL 2023 PRAYER UPDATE

Dear brothers and sisters in Christ, we are so grateful for all of you who pray for us, send us encouraging emails and facebook messages, as well as support us financially! Thank you for praying specifically for our adjustment here in Campamento. The water supply issues have been much better, and while power outages are still frequent, they have been shorter. The rainy season is later this year, but should start soon and cool things down a bit. It has been and continues to be a busy season in the ministry. At the end of our newsletter, we will include a couple of upcoming prayer requests.

**Young Men's Bible Study** Daniel led an evangelistic Bible study with some young teenagers during the month of April. It was encouraging to see the attendance grow as the Bible study progressed. We praise the Lord that some of them that were invited by their friends have begun to come to church. Please pray for the salvation of Leo, Christian, Eduardo (two of them:), Leonardo, and Angel.

**First Men's Meeting** Every other month we are rotating between holding a women's meeting and a men's meeting. In April we held our first men's meeting, with activities such as competitive games, a cookout, and a Bible lesson on the godly man versus the worldly man.

**Upcoming Events** In June, we will be hosting our sending church as our first official mission team here in Campamento . **Please pray for the logistics of all involved in planning this event, as well as the evangelism and family conference that will be a part of the activities.**

We are also so grateful for a generous donation given for the work on the church building - **please pray for the construction process.**

**Baleadas** Currently Daniel's niece, Amy, is visiting us and helping out, not only around the house, but also with the ministry. We invited a sweet lady from the church named Belkis to teach us how to make baleadas, a typical Honduran dish. Below is a link to a video detailing the process. Just a note: It is hard to get an actual recipe from the women here. They are amazing cooks, but the recipes are generally not written down, but instead passed down from generation to generation by watching their own mothers and grandmothers cook. Because of this, some of the measurements in the recipe included in the video are a rough estimate. When making the tortillas, they will add more of certain ingredients if the consistency is not just right. We hope you enjoy them as much as Justus does!
